

1 for us to compel our General Assembly to engage in such
2 shenanigans. Therefore, I ask you to not vote for this
3 motion for consideration, but to study with us for a better
4 word than emergency to characterise this type of legislation.

5 DELEGATE SCANLAN: Would you prefer that the
6 General Assembly say Baby Jane was something special?
7 (Laughter.)

8 DELEGATE H. TAYLOR: I can see that she is.

9 DELEGATE JAMES: For what purpose does Delegate
10 Case rise?

11 DELEGATE CASE: To speak in favor of the motion for
12 reconsideration. I take it Baby Jane was substantive if
13 she is something special, she is not an emergency.

14 Mr. Chairman, members of the Committee, I think
15 we have got to stop and consider exactly what the purpose
16 of this particular sentence in Section 2 is. The purpose is
17 to define a nonsuspendable law. It seems to me there ought
18 to be some yardstick by which the General Assembly can
19 decide whether a law is to be suspendable or not suspend-
20 able other than by the technical delineation, special
21 legislation.
